Dear Mike:

Rich and I want to take this opportunity to tell you what a pleasure it was doing business with Midwest Siding. We felt comfortable with your company from the quoting process all the way through to completion.

Mike, we appreciated your attention to detail. It was one of the factors in our decision to go with Midwest Siding. We were looking for a company that cared about the looks of our house as much as we did.

Also, please thank Bruce and Dave for the great job they did and especially for their patience with us regarding our questions and concerns. They were professional, conscientious, and knowledgeable in their work.

Thank you again.
